Carlos Monti

Senior Software Engineer • AI Products & Agentic Tooling • Remote
Buenos Aires, Argentina • carlosmonti.com • linkedin.com/in/carlosmonti

Summary

Senior Software Engineer with ~19 years shipping web products for travel, fintech, and logistics. Currently building SOFIA, the AI travel assistant at Despegar (a Prosus company). I build with AI daily: my own Claude Code skills and agents let me ship full products solo. Track record: build times -40%, bugs -30%, code duplication -50%.

Experience

Senior Software Engineer III – Despegar.com (Prosus)
Jul 2026 – Present • Buenos Aires

- Building SOFIA, Despegar's AI travel assistant: conversational UX and LLM features
